EXECUTIVE SUMMARY

This executive summary contains the high-level scope of work involved in the project.

1. AITI is seeking a Tenderer to develop, organise and manage an end-to-end technical programme (“the Tech Immersion Programme”) which guides start-ups in creating a minimum viable product (MVP) or prototype solution for industry player(s) using data analytics and artificial intelligence (AI) technology. The aim of the Tech Immersion Programme is to provide essential technological knowledge and insights into pathways to enhance their digital entrepreneurship, based on a real industry problem statement.
2. The Tech Immersion Programme will be conducted in two (2) cohorts – five (5) weeks per cohort in the fourth quarter of 2024 and in the first quarter of 2025. Each cohort will consist of ten (10) start-ups.
3. The objective is to guide start-ups in creating a MVP or prototype solution for industry player(s). The technology used shall be based on data analytics and artificial intelligence.
4. The high-level scope of work involves:
 - 4.1. Development of the Tech Immersion Programme;
 - 4.2. Promotion and Marketing;
 - 4.3. Enrolment of Participants;
 - 4.4. Provision of Facilitator;
 - 4.5. Conducting the Tech Immersion Programme; and
 - 4.6. Validation and Presentation of the Participants’ MVP or Prototype.
